

K01 / K02 Negative Quality characteristics

4

Flower (Screen / bud)

106	single deviant flower centre
107	deviant centres
108	single deviant flower/inflorescence
109	deviant flower/inflorescence
110	some damaged flowers/buds/fruits
111	damaged flowers/buds/fruits
112	single damaged bell
113	damaged bells
114	single blue flower
115	blue flowers
116	single flower not in colour
117	flowers not in colour
118	slight dropping of flowers/buds
119	dropping of flowers/ buds
120	occasional brown flower
121	brown flowers
122	some discoloured flowers edges
123	discoloured flower edges
124	some thumbs
125	thumbing
126	some brown petals
127	brown petal
128	some yellow bracts
129	yellow bracts
130	some peeled flowers
131	peeled flowers
132	some flowers with gypsy moth
133	flowers with gypsy moth
134	some picked flowers
135	picked flowers
136	some torn flowers
137	torn flowers
138	some bursts
139	burst
140	some growing spots
141	growing spots
142	some green edges
143	green edges
144	some small inflorescence
145	small inflorescence
148	some shrinking
149	shrinking
150	some empty flowers
151	empty flower
152	some blossom ends
153	blossom ends
154	some impure flowers

155	impure flowers
156	some unripeness
157	unripeness
158	some irregular blossoming
159	irregular blossoming
162	single open flower centre
163	open flower centres
164	some flat buds
165	flat buds
166	some ripeness
167	ripeness
168	some limp flowers
169	limp flowers
170	some wet flowers
171	wet flowers
174	some flowers which have left off flowering
175	flowers which have left off flowering
176	some dried out flowers/buds
177	dried out flowers/buds
178	some discoloured flowers
179	discoloured flowers
180	single discoloured flower centre
181	discoloured flower centres
182	some papilionaceous flowers
183	papilionaceous flowers
184	some soiled flowers
185	soiled flowers
186	single water stain on flower
187	water stains on flowers
188	single case of meagre flower/ berry
189	few flowers/berries
190	some seed buds
191	seed buds
194	some deviance in bracts
195	deviance in bracts
196	some burnt flowers/inflorescence
197	burnt flowers/ inflorescence
198	single burnt spadix
199	burnt spadix

Internal quality

204	some not hardened off
205	not hardened off
206	-
207	limited shelf life
208	-
209	pretreatment incorrect
210	-
211	no pretreatment
212	-
213	bacteria count too high

Root / root ball

312	some dry (pot) clumps
313	dry (pot) clump
316	some looses in the pot
317	loose in the pot
320	some with roots/bulbs
321	with root/bulbs
322	single moss or algae
323	moss or algae
324	some wet (pot) clumps
325	wet (pot) clump
336	-
337	just potted
340	some poorly potted
341	poorly potted
344	some poor root constitution
345	poor root constitution
348	some poor clumps
349	poor clump

Branch / stem / trunk

404	some deviant branches/stems
405	deviant branches/stems
408	some damaged branches/stems
409	damaged branches/stems
412	some multicoloured stems
413	multicoloured stems
414	single branch deep in leaf
415	deep in leaf
416	some double stems
417	double stems
418	single case of bract curds
419	bract curds
420	single case of brittleness/danger of breaking
421	brittleness/ danger of breaking
422	single case of thin stems
423	thin stems
424	some bent branches/stalks
425	bent branch/stalk
426	single case of bent branch/stem
427	bent branch/stem
428	some broken branches/stems
429	broken branches/stems
430	some twisted stems
431	twisted stems
432	some staples, old wood
433	staples, old wood
434	some cracks due to growing
435	cracks due to growing
436	some heels

437	heels
438	some topping/cutting
439	topping/cutting
440	some baldness at bottom
441	baldness at bottom
444	some bare branches/stems
445	bare branches/stems
446	some buds
447	buds
448	single bent bottom
449	bent bottoms
450	single case of dead branch ends (tips)
451	dead branch ends (tips)
452	some bent necks
453	bent necks
454	some in leaf
455	in leaf
456	some bent branches/stems
457	bent branches/stems
458	some short flower stems
459	short flower stems
460	some stretched
461	stretched
462	some long flower stems
463	long flower stems
464	some light branches/stems
465	light branches/stems
466	some not topped properly
467	not topped properly
468	some bolters
469	bolters
470	insufficient defoliating
471	not defoliated
472	some limp necks
473	limp necks
476	some limp branches/stems
477	limp branches/stems
478	some bad disbudding
479	bad disbudding
480	some bad stems/branches
481	bad stems/branches
482	some discolouring at bottom
483	discolouring at bottom
484	some splitting
485	splitting of branches
486	some bursting branches
487	bursting branches
488	some over grafted
489	over grafted
490	some sawn out branches
491	sawn out branches

492	some dirty stems
493	dirty stems
494	some watery stems
495	watery stems
496	some wood formation at bottom
497	wood formation at bottom
498	some without basal plate
499	no basal plate

Leaf (needle / thorn)

504	some deviant leaves
505	deviant leaf
506	some damaged leaves
507	damaged leaves
508	some leaves missing
509	leaf missing
510	some leaves not in colour
511	leaf not in colour
512	single case of leaf point
513	leaf points
514	single case of leaf spotting
515	leaf spotting
516	some leaf edges
517	leaf edges
518	slight leaf dropping
519	leaf dropping
520	some multicoloured leaves
521	multicoloured leaves
522	some brown leaves
523	brown leaf
524	some yellow leaves
525	yellow leaves
530	some pointed leaves
531	pointed leaf
532	single case of spotted foliage
533	spotted foliage
540	shiny leaves
541	excessively shiny leaves
542	some residue on leaves
543	residue on leaves
544	some limp leaves
545	limp leaves
548	some rotten leaves
549	rotten leaves
552	some rotten shoots
553	rotten shoots
554	some shoots badly positioned
555	shoots badly positioned
556	some wet leaves
557	wet leaves
558	some burnt leaves

559	burnt leaves
560	some dirty leaves
561	dirty leaves
562	some scorched bracts
563	scorched bracts
564	some water stains on leaves
565	water stains on leaves
566	single sweat leaf
567	sweat leaf
598	(reserved)
599	(reserved)
Parasites / parasitic infestations	
602	some botrytis in roses
603	botrytis in roses
604	some bacterial disease
605	bacteria diseased
608	some tortricid
609	tortricid
612	some botrytis
613	botrytis
614	single botrytis diseased leaf
615	botrytis leaf
620	single parasite
621	parasites
624	some dry rot
625	dry rot
628	-
629	yellowed
632	some Japanese rust
633	Japanese rust
636	some aphids
637	aphids
640	some mildew
641	mildew
642	some mites
643	mites
644	some leaf miner
645	leaf miner
646	some sooty mould
647	sooty mould
648	some rust spots
649	rust spots
650	some bibionids
651	bibionids
652	some caterpillars
653	caterpillars
656	some scale insects
657	scale insects
658	some mould
659	mould
662	some snails

jun-10

663	snails
664	some ring spot
665	ring spot
666	some red spider mite
667	red spider mite
668	some red spider mite damage
669	red spider mite damage
670	some spit insects
671	spit insects
674	some yew beetles
675	yew beetles
678	some thrips
679	thrips
680	slight thrips damage
681	thrips damage
684	some infection with virus
685	virus
688	some burnt stems
689	burnt stems
690	some greenhouse white fly
691	greenhouse white fly
692	some black root rot
693	black root rot
694	some sour bulbs
695	sour bulbs
698	some black slime
699	black slime
Packing	
704	some damaged pots/bowls
705	damaged pot/bowl
706	without sleeve
708	-
709	barrel outside barrow
710	incorrect number per container
711	-
712	incorrect bundling
713	-
714	some incorrect bunching
715	incorrect bunching
716	-
717	incorrect sleeve
718	incorrect packaging
719	-
720	some insufficiently supported
721	insufficiently supported
728	-
729	products protrudes from barrow
732	-
733	poorly bounded
736	some poorly packed
737	poorly packed

738	-
739	support material too high
740	some too densely packed
741	too densely packed
742	incorrect packet
748	some different pots
749	different pots
752	some soiled barrels
753	soiled barrel
754	some soiled sleeves
755	soiled sleeves
756	some soiled pots
757	soiled pot
762	-
763	put 5 stems per bunch instead of 10
764	-
765	put 10 stems per bunch instead of 5

Sortering

804	some inequality in diameter
805	unequal in diameter
808	some inequality in volume
809	unequal in volume
812	some difference in length of bunch
813	difference in length of bunch
816	some difference in colour
817	difference in colour
818	some are short
819	short
820	-
821	not as sample
824	-
825	not sorted
828	some difference in length of branches
829	difference in length of branches
830	some have more than one branch
831	more than one branch
834	some are not equal
835	unequal
838	some are unequally mixed
839	unequally mixed
842	some have unequal amount of flowers/buds
843	unequal amount of flowers/ buds
846	some have unequal amount of plants
847	unequal amount of plants
850	some have unequal amount of fruit
851	unequal amount of fruit
852	some have unequal bunch volume
853	unequal bunch volume
854	some are unequal in length/height
855	unequal in length/height

jun-10

858	some are not as ripe as others
859	unequal in ripeness
860	some tufts are not the same as others
861	unequal tufts
862	some forms differ from others
863	different forms
866	-
867	not sufficiently mixed / sorted

Overige keurbemerkingen

904	-
905	rejected
908	some damaged bulb skins
909	damaged bulb skin
910	a single arch not fully covered
911	arch not fully covered
912	-
913	declassification code
918	-
919	light party
924	some loose forms
925	loose form
932	some damage due to cold
933	damage due to cold
934	some contain soil residue
935	soil residue
936	-
937	not classified
938	-
939	don't deliver on water
940	-
941	not fresh
942	-
943	not sold
948	-
949	other classification remarks
952	some poor pot/plant relationship
953	poor pot/plant relationship
958	some transport damage
959	transport damage
960	some shapes are wrong
961	bad shapes
962	some damage due to frost
963	damage due to frost
964	some dirt
965	dirt
968	-
969	dirty water
970	without product information
971	-
975	Multiple defects

jun-10

990	(reserved)
991	(reserved)
994	(reserved)
995	(reserved)
998	-
999	without campaign

Positive inspectioncodes

P01

1	100% free of thrips
2	100% free Japanese rust
3	free of insects and Japanese rust
4	clean
5	free of viruses
6	free of insects
7	100% miner free
8	free of nematodes
9	nursery free of thrips RF

P02

Positive inspection code quality

1	illuminated
2	with product information
3	potpressed
4	evenly bunched
5	Freesia MaXiMa(al)
6	with VBN/EAN barcode
8	flowpack
9	nursery free of thrips RF
